GRADING

Quarter grades will be divided into two parts: Summative (90%) and Formative (10%). Summative grades will include daily music skill assessments during rehearsals and graded performances. Formative grades will include lessons and other practice.

LESSONS & PRACTICE CALENDARS

- Attendance at lessons is required.
- Lessons are given on a rotating lesson schedule. You are dismissed from classes to attend lessons. If you attend the scheduled lessons you will only miss a particular class once every 5 weeks, sometimes less. Alternative lesson times are also available although it is best to come at the scheduled lesson time if at all possible.
- Lesson schedules are posted on the bulletin boards near the band room, the middle school office, and the library as well as on the homework hotline, music website, and band Facebook page.
- You will be expected to practice individually an average of 1/2 hour per day for at least five days per week to be prepared for rehearsals and lessons. This practice may take place at school or at home. If each student builds his/her own playing skills everyone will benefit. Students will be given a practice calendar at the beginning of each month to fill out.

MUSIC, SUPPLIES, & REPAIRS

- Since we buy our supplies in bulk band students pay just \$10 for the purchase of all band supplies that they will need for the entire year. These supplies can include reeds, valve oil, cleaning rods & clothes, swabs, drum sticks, & mallets.
- This money also covers the cost of **replacing any lost or damaged music or band folders** as well as the use of any school instrument (including drums) and minor repairs that Mrs. Nages can do at school.
- In the past students have paid for these items as the need arose at the cost of anywhere between \$1.50 for a clarinet reed or up to \$25 for a pair of timpani mallets. This arrangement is better economically for the students and makes it easier for parents.
- Money will be due by **Friday, September 16th**. Checks should be made payable to "Unatego Central School". If you have questions or if you would like to make other arrangements please contact Mrs. Nages.

MUSIC AND EQUIPMENT STORAGE, CARE, AND MAINTENANCE

- Instruments must be kept in a locker when not in use.
- It is recommended that students put a lock on their band locker. Students may sign out a lock for the year or provide their own if they wish.
- All percussion instruments, sticks, and mallets must be properly stored at the end of each rehearsal.
- All music should be kept in the appropriate file or in your locker when not in use.
