GRADING

- Your quarter grade will be divided into four parts: Lesson, Band, Practice, and Concert.
- Lesson grade will consist of marks earned at lessons and deductions for missed lessons.
- Concert grade will consist of the grade earned during concerts.
- Practice grade will consist of the grade earned for monthly practice calendar.
- Band grade will consist of several different parts including attitude, effort, participation, written tests (if any given), playing checks of band music and scales (during lessons and rehearsals), and overall preparation. When calculating the quarter grade the band grade will be weighted more than the other three portions.

LESSONS & PRACTICE

- Attendance at lessons is required.
- Lessons are given on a rotating lesson schedule. You are dismissed from classes to attend lessons. If you attend the scheduled lessons you will only miss a particular class once every 5 weeks, sometimes less. Alternative lesson times are also available although it is best to come at the scheduled lesson time if at all possible.
- Lesson schedules are posted on the bulletin board near the band room and music website.
- Practice calendars are given out each month and students will be required to practice 10 times to receive full credit for the month. Calendars must be signed by the parent and student.

SUPPLIES & REPAIRS

Since we buy our supplies in bulk band students pay just \$10 for the purchase of all band supplies that they will need for the entire year. These supplies can include reeds, valve oil, cleaning rods & clothes, swabs, drum sticks, & mallets. This money also covers the cost of replacing any lost music as well as the use of any school instrument (including drums) and minor repairs that Mrs. Nages can do at school. In the past students have paid for these items as the need arose at the cost of anywhere between \$1.50 for a clarinet reed or up to \$25 for a pair of timpani mallets. This arrangement is better economically for the students and makes it easier for parents. Money will be due by **Friday, September 17th**. Checks should be made payable to "Unatego Central School". If you have questions or if you would like to make other arrangements please contact Mrs. Nages

MUSIC AND EQUIPMENT STORAGE, CARE, AND MAINTENANCE

- Instruments must be kept in a locker when not in use.
- It is recommended that students put a lock on their band locker. Students may sign out a lock for the year or provide their own if they wish.
- All percussion instruments, sticks, and mallets must be properly stored at the end of each rehearsal.
- All music should be kept in the appropriate file or in your locker when not in use.
- You will be given a handout that outlines basic care and maintenance information for your specific instrument. Please be sure to read that information and become familiar with your instrument's recommended maintenance schedule. Proper care will increase the life of your instrument as well as the performance.
- We will be watching instrument maintenance videos to better learn how to care for the instrument.

VIDEOS

Periodically during the school year we will be watching videos during band. According to Board of Education policy if a video is unrated the student must have permission to view the video. Below is a list of the videos that may be shown this year.

- Composer Videos
- History of Music Videos
- Instrument Maintenance Videos
- Elements of Music Videos
- Stomp
- Blue Man Group
